A LITTLE TIME FOR YOURSELF

Welcome to Your Saturday

A diner counter. A shop window. A radio playing in the next room. Everyday places can hold the details we remember best.

These 56 word searches make room for those details, one page at a time. Begin anywhere, use a pencil, and take the pace that suits you.

Circle each word in the grid, then cross it off the list. Read down the left word-list column first, then down the right.

A full-size solution follows every puzzle. Turn the page whenever you would like a little help.

The memory questions are optional. Think about one, share a story, or simply enjoy finding the words. There is no right memory to have.

Three Clear Directions

Across to the right

C U P

Straight down

C
U
P

Diagonally down-right

C
  U
    P

Each puzzle states its directions. None of the words run backward. The first 24 puzzles use only right and down; later puzzles add down-right diagonals.
